

# Join us this October for LD/ADHD/Dyslexia Awareness Month

Hill Learning Center has several learning opportunities in the month of October for educators and community members! Transforming students with learning differences into confident, independent learners is our mission and the Heart of Hill.

Scan to learn more!

## Community Education Series

Our flagship community education program is designed to engage and educate people on topics related to learning and attention challenges with practical resources and information grounded in research.

*Free and open to anyone*
